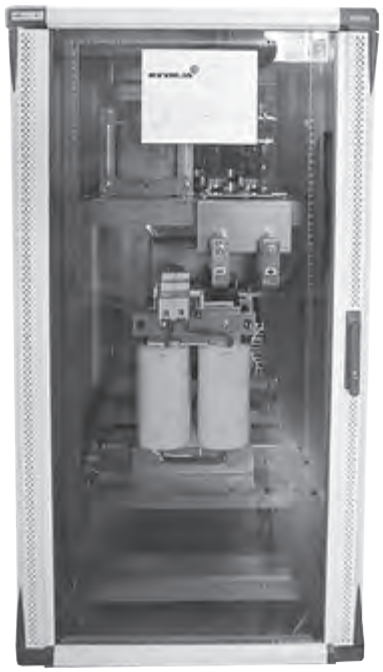
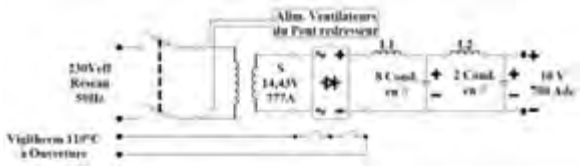
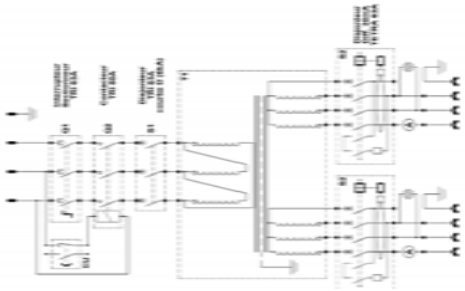
Integrated subassemblies

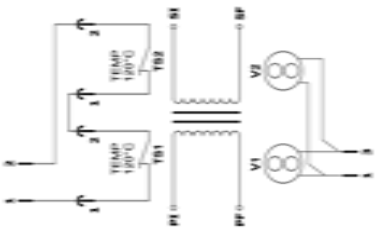
Examples

Power (kW)	Frequency (Hz)	Prim/sec voltage (V)	Weight (kg)	L x W x H* (mm)	Specific features
2 x 125	4000	500 V 940 V	190	1132 x 348 x 500 F11044	Forced ventilation, shock and vibration, embedded product for railway application
40	50	3 x 400 3 x 230	255	677 x 813 x 860 F11300	IP65, differential protection, circuit breaker, galvanometer
7	50	230 V 10 V	300	800 x 900 x 1436 F11297	DC power supply, LC double filtering





Turnkey solution with product integrated




- Easy to install
- Protection rating IP up to IP65
- Air cooling
- Electrical protections for safety
- Filtering
