EXXELIA OHMCRAFT

MANUFACTURER OF HIGH PERFORMANCE RESISTORS FOR OVER 25 YEARS

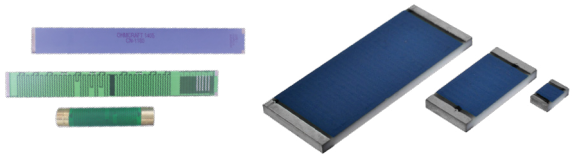
Markets

Aviation · Defense · Space · Medical · Trans-portation · Industry

ISO 9001 AS 9100

High Voltage Applications (up to **100kV+**)
High Gain Applications (up to **1 TΩ**)
Made to Order Solutions

- **US based** technical and Sales Support for quick response to your inquiries!
- Extensive **QA/Testing** capabilities



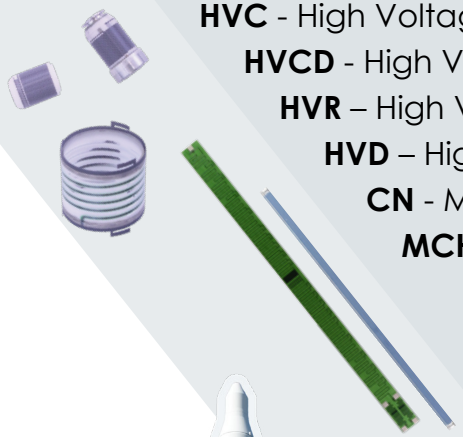
High Voltage · High Resistance
Small Package · High Stability

Lot Acceptance Testing

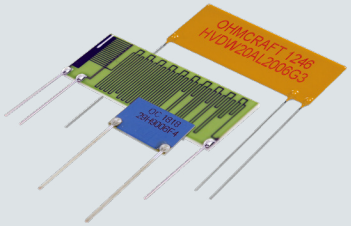
NASA EEE-INST-002
- Level 1
- Level 2
- Level 3

MIL-PRF-55342
MIL-PRF-49462
Custom SCDs

OHMCRAFT RESISTORS CATALOG OFFERINGS



HVC - High Voltage Chip Resistors
HVCD - High Voltage Chip Dividers
HVR – High Voltage Leaded Resistors
HVD – High Voltage Leaded Dividers
CN - Made to Order Networks
MCH - Military grade resistor MIL-PRF-55342



Let our **Seasoned Design Team** help you develop the perfect solution for your application! The catalog only touches the surface of what Exxelia offers!

Make to Order Options Available

Surface Mount / Through Hole
Case Size / Coating
Resistance / Voltage
Temperature Coefficient
Voltage Coefficient
Lead Configuration
Testing / Screening ...
and much more !
