SVM PRIVATE LIMITED
S.NO. 9/1, THIRUVALLUVAR STREET, KANNIVAKKAM VILLAGE, GUDUVANCHERRY, CHENNAI-603202

REACH Compliance Declaration

REACH (**R**egistration, **E**valuation, **A**uthorization and **R**estriction of Chemicals) is a comprehensive EU regulation (in force since June 1, 2007) designed to protect human health and the environment from chemical risks. It shifts responsibility to industry to manage risks by requiring registration of substances with the ECHA.

REACH requires customers to provide sufficient information on substance of very high concern (SVHC) contained in products in concentration above 0.1% weight by weight (w/w) to allow safe use of the product.

This declaration certifies that SVM products do not contain any of the substances listed on the European Union REACH Substance of Very High Concern (SVHC) candidate list, dated 05 November 2025, in excess of a concentration of 0.1% weight/weight, except as indicated in the REACH-RoHS Status spreadsheet below.

Additionally, these products do not contain any of the substances as described in Article 67 and Annex XVII or XIV which are being used in a restricted application.

The information provided may not be based upon actual test data, but rather on information obtained from raw material suppliers or vendor Material Safety Data Sheets. Compliance is based on the minimum levels of 0.1%
