

REACH Certificate

We certify that all articles supplied by EXXELIA as multilayers ceramic capacitors, ceramic and ferrite materials, are compliant with the REACH regulation EC 1907/2006 and in accordance with the article 33, do not contain any substance included in the current candidate list (SVHC 201), published on July 16, 2019.

As opposed, these articles shall be listed in the annex of this declaration.

Our brass-based components contain 3% lead in this alloy.

For any communication related to REACH, please contact the Exxelia Sales Department or the REACH interlocutor.
